Behaviour Correction Package

Behaviour Correction Package

Private 1-2-1 Session for you and your family to assess and advise on your dog's behaviour in the home. Using our Virtual platform. Due to the everchanging situation with Covid-19 it may be possible for at least one of the sessions to be direct with your trainer. This will be advised to you as time goes on.

Due to the nature of the work, we have limited spaces for this service and will only take a set number of dogs at any one time. The bundle will start with our full assessment visit as detailed above and then two further one-hour long visits to your home a minimum of three weeks apart.

This will give you ongoing support at home to ensure that the training package is suiting your dog needs and requirements. You will also be able to ask questions via our what's app service as direct support.

As you and your dog progress through the journey, the training plan will need to be tweaked and adjusted.

Price includes written behaviour observation report, training plan and ongoing Whatsapp support.

Thank you for choosing Essential Canine Life Skills and booking onto one of our Behaviour Correction Packages.

As would have been discussed on the phone with you our trainers will work holistically with you to try and resolve the issues that you are having.

Unwanted canine behavior is often a result of underlying problems with dogs, and we always work with in the best interest of the dog. If at any time we feel that we have reached the realms of our experience, then we may recommend referral to a clinical behaviorist. This can be extremely expensive, and it is recommended that before any behaviour adjustment program is started the relevant insurance is taken out and a vet check including blood tests is carried out.

Please find attached a behaviour form for your completion. Please fill this in as carefully and honestly as you can with as much as information as possible, we are not here to judge but need to work with you and your dog openly and honestly.

In cases of aggression, it is a legal requirement for your dog to be muzzled. If you are having issues surrounding contact with people, please advise your trainer and ensure your dog is on lead before they enter the property.

Behaviour Correction Package

Once work has commenced no refunds will be given.

In the result of COVID restrictions being put in place in most cases behaviour packages will continue to be direct contact as they are considered welfare issues. However, in the result of national restrictions being put in to place we may suggest pivoting the session online if appropriate or if not deemed appropriate we will “pause” until we are allowed to resume in line with the government guidelines.

Some dogs that we work with will benefit from weekly classes but are not suited to direct trainer classes. We operate an online class for these dogs on a Thursday at 8.15pm, your dog will benefit no end with these sessions so please discuss with your trainer.

We look forward to working with you and your dog.

Kind regards
